WORLD TECH GRID

ENTERPRISE POWER & INTELLIGENCE SYSTEMS

worldtechgrid.com | Kahului, Hawaii, USA | (808) 250-6606 | **sim@worldtechgrid.com**

Capability Statement

Credentials: Certified Project Manager (PMP) | CPMAI (AI Project Manager) | Certified Scrum Master (CSM) | Licensed Journeyman Electrician | NABCEP PV Installation Professional

COMPANY OVERVIEW

Incorporated on Maui in 2006, World Tech LLC has provided highly technical program management and business consulting services to corporate and government organizations throughout North America for over 20 years. We manage projects where power, operational technology and enterprise IT meet. We bring extensive hands-on IT experience, advanced business acumen and licensed journeyman electrician credentials. We have worked in and with municipal (Seattle, Maui), state (Washington, Hawaii, Texas) and U.S. federal government organizations to carry initiatives through the entire development lifecycle.

CORE COMPETENCIES

- **Information Technology:** highly effective problem solver backed by our principal's 35 years of hands-on IT experience engineering solutions for business needs. Full-stack, edge data center, network, rack and equipment installation, and power-needs/UPS design for business continuity.
- **Capital Program & Portfolio Management:** implemented PMOs and directed multimillion-dollar portfolios to establish project management compliance, standards, advanced reporting and forecasting, governance and resource management for data-driven business decisions.
- **Agile/Scrum & PMO Governance:** for corporate, infrastructure and industrial environments.
- **IT/OT Integration Oversight:** aligning industrial controls and automation with enterprise networks, cloud and security.
- **Renewable Energy Program Management:** solar PV portfolio tracking, scheduling and capex forecasting, backed by hands-on PV commissioning and system configuration experience as a licensed journeyman electrician.
- **Commissioning & Readiness Coordination:** schedules, issue logs and turnover tracking alongside commissioning agents and contractors.
- **AI Adoption Consulting:** CPMAI-trained AI project planning and implementation management.
- **Network Engineering:** hands-on network engineering from cable installation to network equipment procurement, installation and configuration.

PAST PERFORMANCE

Neighborhood Power · Portfolio Manager (Renewable Infrastructure Tracking)
Implemented a Microsoft Enterprise Project & Portfolio Management (EPM) system providing advanced reporting, standardized contract libraries, document management and schedule development to ensure accurate cash-flow tracking and estimates across a portfolio of ~150 commercial solar projects.

Cenovus Energy · Technical Program Manager (Enterprise Industrial IT)
Directed an Active Directory migration and systems remediation program for a multi-billion-dollar energy company, covering 7,000+ technical assets. Coordinated cross-domain integrations so 1,900+ industrial and business-unit applications remained available post-migration.

Kamehameha Schools · PMO Portfolio Director
Built and administered an enterprise EPM environment governing a $24M strategic technology portfolio, establishing PMO compliance, forecasting metrics and governance roadmaps. Managed project budgets up to $1.6M and mentored 15 project managers.

Hawaii Medical Service Association (HMSA) · Program Manager (Regulatory Rollout)
Led cross-functional teams of up to 40 resources to implement a highly regulated Affordable Care Act (ACA) insurance product for the State of Hawaii, coordinating federal, state and senior corporate stakeholders.

KEY DIFFERENTIATORS

- ✓ **Bilingual technical literacy:** translates between field crews, engineers, IT teams and executives.
- ✓ **Field credibility:** full-stack IT capability with a journeyman electrician background earns trust with IT teams and field crews.
- ✓ **Hawaii-based:** working knowledge of Hawaii's unique business environment, with experience delivering solutions throughout North America.
- ✓ **Cross-industry experience:** healthcare, energy, oil & gas, subsea, education and government.
